

#CuddleCards Competition

If you could send a Postcard to someone right now, what would you say?

Women in Rail Scotland would like to **invite budding artists** of all ages to take part in its **#CuddleCards** Competition and design a very special postcard to send to their loved ones.

In these challenging times, many families and friends are separated and receiving a colourful postcard is a great way to send some virtual hugs to those we love and miss.

The competition opens now and is free for all.

Entries will be judged by the Women in Rail Scotland Regional Team and announced on social media.

The winner will receive 20 A5 Postcards, professionally printed with his/her design.

Artists can use any medium they wish: crayons, paints, felt tip pens - even computer software!

All we ask is that you send a photo, scan or PDF of your final design to Scotland@womeninrail.org, including the Artist's name, age and contact details so we can reach out to you (or your responsible adult 😊).

Closing date: 30 June 2020

Rules:

- No professional artist entries (Sorry!)
- No offensive graphics or wording
- Be amazingly creative!

Wishing you all a very happy drawing!
