

INTERNATIONAL WOMEN'S DAY

8 MARCH 2022

#BREAKTHEBIAS

VIRTUAL EVENT RUN BY WSP
14.30 - 16.30

FOUR FANTASTIC PANELISTS FOR YOU TO PUT YOUR QUESTIONS TO:

RAJINDER PRYOR MBE - Senior Account Manager, Network Rail Telecom

As a Board trustee for Women in Rail Rajinder is committed to equality, diversity, and inclusion. Since 2017 she has been actively raising awareness around domestic abuse within the rail industry – recently leading in promoting 'Online Safe Spaces' on websites and as a champion for White Ribbon UK. In 2018 she was awarded Inspirational Woman of the Year by Women in Rail and in June 2021 received an MBE in the Queen's Birthday Honours for services to diversity and inclusion.

ANNE SHAW – Executive Director, Transport for West Midlands (TfWM)

Anne moved to TfWM in 2017 as Director of Network Resilience where she has delivered a unique service keeping residents, businesses and visitors informed of transport disruption as well as preparing the transport operation to support the Commonwealth Games. In January 2022 she became the Executive Director of Transport for West Midlands responsible for providing strategic and operational leadership to support the delivery of TfWM's priorities as well as leading the WMCA's response to strategic transport planning, driving economic growth and championing transport innovation and development.

SAM UREN - Engineering Director, SLC Rail

Sam is a Chartered Civil Engineer and Fellow of the Institution of Civil Engineers with over 25 years' experience leading multidisciplinary engineering projects. Sam specialises in new stations and railway infrastructure and has a wealth of experience in design and project management, as well as strategic rail development roles. Sam is a passionate STEM champion, regularly giving talks to inspire younger people into engineering careers.

RACHEL COOK - Operations Director, WSP

Rachel is a Chartered Civil Engineer with over 20 years experience across multiple industries including Transportation and Energy. She successfully delivers at senior levels in global organisations whilst ensuring the development of others, and is an active role model for women in engineering. Rachel was named in the 2015 Power Part Time awards as one of the top 50 men and women who work in senior business-critical roles on less than five days a week, debunking the myth that working flexibly in a top level job isn't possible.
