

THE FUTURE OF RAIL

EXPERIENCE THE LATEST IN RAIL INNOVATION.

1ST JUNE 2022

Innovation comes in many forms and, as a pioneering leader in rail infrastructure maintenance, engineering, electrification and training, there is no one better placed to lead than QTS.

Join us on the 1st June for an very special insight into innovation and the future of rail between 11 – 3pm.

We'll be demonstrating some revolutionary RRV plant machinery, technological advances, and best practice working, as well as welcoming two of our sister companies, Amco Giffen and Carnell, to showcase what the rail industry has to offer.

Throughout the day there will also be the opportunity to hear from our team and some special guests from Network Rail who will be taking part in live panel discussions about the issues affecting rail and how thinking creatively and pushing the boundaries of innovation will help to help keep our industry on track.

To RSVP, please email marketing@qtsgroup.com by the 21st May, stating your intention to attend.
