

# Could you help us transform rail sector culture?

We are looking for four additional people from the wider sector to join the core membership in our **Sector Culture Working Group**.

We came together as a community of practice in 2022 to create a shared vision for culture change. The seven attributes, below, form part of this vision.

We now want to form a working group to test ideas and deliver on that vision. Through a year-long membership, you can help us to drive real change.

## 7 ATTRIBUTES OF SECTOR CULTURE

## Could you join this group to deliver on our ambitions across the sector?

To apply, please send a 500-word personal statement to [claire.randall@dft.gov.uk](mailto:claire.randall@dft.gov.uk) by **11 March** setting out what changing rail sector culture means to you and how you can directly influence it. Monthly group meetings will take place from mid-April.
